200-Hour & 500-Hour Yoga Teacher Training with Sondra Loring and Special Guest Teachers

The yoga teacher training with Sondra Loring and special guest teachers is an extensive program and will consist of the deep study of asana, chanting, meditation and philosophy. As the main teacher, Sondra created this training to really be the yogic path, not just point to the path. Included in the training are an array of wonderful master teachers and guest speakers. We will explore the yogic scriptures (the Gita, Sutras), Anatomy, Karma, Mantra, Sanskrit, and other topics related to the vast and amazing life of yoga.

This training is unique: 8 weekends of immersion into the culture of yoga (500-hour training adds additional time). It combines a down-to-earth approach to the physical practice with an esoteric expansion of the spiritual quest. You will study with deeply passionate, lively, professional yoga teachers: Sondra Loring and her special guests. They are committed to the yogic path and offer this program for you, the serious student.

We are offering a unique model by bringing students together that are working on their 200 or 500 hour training, and have been impressed by the success of this approach. There will times when the groups work together and times when they work separately and richness shared benefits both.
